FOR FURTHER INFORMATION CONTACT: Ms. Jennifer D. Johnson, telephone 571-372-6100.

SUPPLEMENTARY INFORMATION: DoD is hosting public meetings to obtain the views of experts and interested parties in Government and the private sector regarding amending the DFARS to implement statutory amendments and revise policies and procedures for acquisition of technical data and computer software, and

associated license rights. DoD also seeks to obtain information on the potential increase or decrease in public costs or savings that would result from such amendments to the DFARS. In addition to the statutory changes, DoD is considering recommendations related to that statutory subject matter that were provided in the November 13, 2018, Final Report of the Government-Industry Advisory Panel on Technical Data Rights (Section 813 Panel), established pursuant to section 813 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2016.

To facilitate discussion at the public meetings, DoD anticipates publication of advance notices of proposed rulemaking, which will include initial drafts of the DFARS amendments, prior to the public meetings. This approach is based in part on a recommendation of the Section 813 Panel to invite industry to participate in the drafting of rules concerning technical data rights. For the two public meetings listed in the **DATES** section of this document, DoD anticipates discussion of the following DFARS cases:

- 2018-D069, Validation of Proprietary and Technical Data, which implements section 865 of the NDAA for FY 2019.
- 2018-D071, Negotiation of Price for Technical Data and Preference for Specially Negotiated Licenses, which

implements section 835 of the NDAA for FY 2018 and section 867 of the NDAA for FY 2019.

After these two meetings, DoD anticipates scheduling and hosting additional public meetings, structured in the same manner and for the same overall objective, to address the following DFARS cases:

- 2018-D070, Continuation of Technical Data Rights during Challenges, which implements section 866 of the NDAA for FY 2018.
- 2018-D018, Noncommercial Computer Software, which implements section 871 of the NDAA for FY 2018.
- A new case that will implement section 809 of the NDAA for FY 2017.
- A new case that will implement section 815 of the NDAA for FY 2012, as amended by section 809 of the NDAA for FY 2017.
